Overview of G.R.I.T.S

The Gang-Related Information Tracking System (G.R.I.T.S.) is a Model 204 subsystem available to SETCIC member agencies. G.R.I.T.S. is an intelligence-gathering system to be used only by authorized personnel for law-enforcement purposes. The information in this system is NOT public record and should not be disseminated to defense attorneys, the press, or the public.

Information Entry

To enter gang records, use Options 10 - 50. These options are only available to G.R.I.T.S. users responsible for data entry.

- Option 10 - Gang Entry
- Option 15 - Gang Identifiers Entry
- Option 20 - Gang Graffiti/Tattoos Entry
- Option 25 - Member/Associate Entry
- Option 26 - Member Comments Entry
- Option 30 - Turf Entry
- Option 35 - Vehicle Entry
- Option 40 - Weapon Entry
- Option 45 - Hangout Entry
- Option 50 - Incident Report Entry

Information should only be entered after the user confirms through the inquiry options that the records do not already exist in the G.R.I.T.S. database.

Once a gang record has been created by a G.R.I.T.S. member agency using Option 10, other member agencies may add records about that gang using Options 15 - 50.

The Message Line

At the bottom of each screen is a message line designated ==>. If the entry is incomplete, a message will prompt you to type in the required information.

On Options 15 - 50, when the entry is complete, the following message will display: **PRESS PF9 TO ENTER RECORD**. To confirm and complete the entry, press PF9.

Accessing the Next Screen

When finished with an entry screen, press the **PF1** key. The next entry screen will display in the order listed above.

Special Features

Gangs are identified in G.R.I.T.S. by a unique, computer-generated tracking number called a gang identification number. This number is generated when an entry is made using Option 10.

Information about sub-groups or splinter groups may be linked to the original gang record through a gang ID number suffix. This suffix is automatically generated when a gang ID number is used to create a new record. See explanations of Option 10 in the G.R.I.T.S. Entry manual for more information.

Information Update

Information on Option 10 can only be updated by the agency that originally entered the record.

Options 15 - 50 contain a field labeled FUNCTION. Use the following codes to designate which function is needed:

I = Inquire
A = Add
C = Change
D = Delete

Inquire: On the entry screens, the **Inquire** function accesses only records created by the inquiring agency. For a complete list of all records for a gang, use the inquiry screens explained below (Options 60 - 86). **You must inquire on records before changing or deleting them.**

Add: The **Add** function causes historical records to be created. Use this function to build supplemental records for a gang or gang member. Any G.R.I.T.S. member agency can add records for a gang.

Change: The **Change** function changes an existing entry without creating a new record. Use this function to correct a data entry error or omission. The Change function does not create historical records.

Delete: The **Delete** function will delete all information on the displayed screen. Use this function only if a data entry error was made and the record needs to be completely removed from the system. It is not possible to reset records deleted this way.

After choosing the desired function and typing the appropriate information, press Enter. A message will display prompting you to press the **PF9** key to confirm the entry, change or delete. Press PF9 to confirm the action and the following message should display: **** UPDATE COMPLETE ****.

Information Inquiry

Inquire on gang records by using Options 60 - 86.

- Option 60 - Gang Inquiry
- Option 65 - Member/Associate Inquiry
- Option 70 - Turf Inquiry
- Option 75 - Vehicle Inquiry
- Option 80 - Weapon Inquiry
- Option 85 - Hangout Inquiry
- Option 86 - Incident Report Inquiry

Detail screens may be accessed from these options. Detail screens may contain multiple pages; the most recent record will appear first.

Data Control

The following options are available only to a few designated users:

- Option 90 - Gang Consolidation
- Option 95 - Gang Deletion and Reset

Permission to merge duplicate gang records must be obtained from the originating agencies before Option 90 is used. A merger of gang records will result in the consolidation of all information except splinter gang records.

Gang records should be deleted with Option 95 only when the information has been entered in error. Records marked for deletion will remain in the system until the next monthly purge, allowing the agency to "reset" the records if a deletion needs to be reversed.

Error Messages

If the message "AGENCY NOT AUTHORIZED TO USE GRITS" displays, contact the JIMS SETCIC Supervisor at 713-755-8211.

If the message "TERMINAL NOT AUTHORIZED TO USE GRITS" displays, contact the JIMS SETCIC Supervisor at 713-755-8211 and provide your terminal ID.

Model 204 Log-On Procedures

1. Screen displays: **READY FOR LOGON**

Type: **M4P2**

Press Enter key

2. Screen displays: **>**

Type: **LOGON JU_ _ _**
(your individual log-on ID)

Press Enter key

3. Screen displays: **LOGON JU_ _ _**
***** M204.0347:PASSWORD**
>

Type password as indicated below:

If you are already a JIMS user, type your current password. (Your password will not display on the screen.) Press the Enter key.

If you have never signed on to JIMS before, your password is TEST. You must change your password the first time you log on.

Changing your password in Model 204:

a. Type your current password, a colon, and your choice for a new password. Choose a password that consists of four to eight letters and/or numbers.

Example: **TEST:SECRET**

b. Press Enter key.

In this example, SECRET would now be your new password. The next time you log on, you would type only the word **SECRET** at the password prompt in Step 3.

4. Screen displays: **>**

Press Enter key

Log-On Failed

If you do not get logged on, one of the following messages will display:

<u>Message</u>	<u>Solution</u>
PASSWORD EXPIRED	Change your password using the procedures in step 3 labeled "Changing your password." You must change your password every 60 days.
PASSWORD NOT MATCHED	You have typed your password incorrectly. Repeat steps 2 and 3.
LOGONID SUSPENDED BECAUSE OF PASSWORD VIOLATIONS	Call your JIMS Project Analyst or the JIMS training section. You have made ten invalid log-on attempts and your password needs to be reset.

Logging on Through the Multi-session Environment

Instead of the procedures above, you may log on through the multi-session environment known as Tubes. To do this:

1. Type **HCP** on the "READY FOR LOGON" screen and press Enter.
2. Type your log-on ID in the Logon ID field.
3. Press the Tab key.
4. Type your password in the Password field.
5. Press Enter.
6. From the JIMS Main Menu screen select **M4P2 (Model 204 - Criminal)** by pressing the appropriate PF key.
7. When the status screen displays with the > symbol at the bottom of the screen, press Enter or Clear.

The M204 Main Menu screen should display. See page 6 for an explanation of the Main Menu.

Model 204 Log-Off Procedures

Method 1

From a menu screen where PF10 = LOGOFF, press PF10.

Method 2

Type an **L** in any OPT (option) field and press Enter. See page 55 for an explanation of the option field.

Logging Off Tubes

Press **PF24** (hold down the Shift key and press PF12).

Accessing the GRT Subsystem

Once you log on to the Model 204 system, the Master Subsystem Selection screen displays (see sample screen below).

To Select a Subsystem

METHOD 1

Type GRT in the SELECTION field at the bottom of the screen (field 8) and press Enter. The G.R.I.T.S. Main Menu will appear.

METHOD 2

Using the Tab key, move the cursor to the blank line beside GRT (field 5) and press Enter. The G.R.I.T.S. Main Menu will appear.

METHOD 3

To go directly to an option and bypass the G.R.I.T.S. menu, type GRT in the first blank of the SELECTION field. Type the option number in the second blank of the SELECTION field (for example, GRT 60). Press Enter. The requested option will appear.

HELP SCREENS

General

Once you access an option in a Model 204 subsystem, general assistance is available by pressing PF11.

Specific Fields

Specialized Help screens are available for fields ending with >. These screens usually contain lists of valid codes.

To access a specialized Help screen:

From inquiry response fields,

- a. Use arrow keys to position cursor under any displayed character following the >. Press PF11. Corresponding code table will display.
- b. Press Enter and the original screen will reappear.

From entry fields,

- a. Type a ? in a field ending with > and press PF11. The code table will display.
- b. Select the appropriate code by typing an **X** in the selection field to the left of the listing.
- c. Press Enter and the original screen will reappear with the selected code displaying in the field.

THE OPTION FIELD

Transferring to Different Options

OPT: ____ appears at the top right of each screen. Use this field to transfer quickly from one option to another.

Type an option number beside OPT and press Enter. The requested screen will appear.

Transferring to Different Subsystems

Beside OPT: ____ are the initials GRT. Use this field to transfer from one subsystem to another — for example, from GRT to MSG, the Message System. You may only transfer to subsystems for which you have clearance.

Type the code for another subsystem over the GRT initials and press Enter. You will access the main menu of the requested subsystem if you are cleared for it.

Transferring to a Specific Option Within a Subsystem

To access a specific option within a subsystem, first type the option number beside OPT, then type the subsystem code over the one which currently displays and press Enter.

Logging Off

Type an **L** in any OPT field and press Enter.

THE SCROLL FIELD

On Option Screens

Above the OPT field on some screens is a field labeled SCROLL. When records are contained on more than one page, this field allows you to quickly move from one page to another.

Type a page number in this field and press Enter. The requested page will appear.

On Help Screens

The SCROLL field on Help screens may be used with page numbers as described above or for some screens on which data is listed in alphabetical order, it may be used with letters of the alphabet. To go to a particular part of an alphabetic list, type a letter or letters in the SCROLL field and press Enter.

THE PAGE NUMBER FIELD

Below the OPT field on some screens is a field labeled PAGE ___ OF ___ (ex. PAGE 1 OF 10). This field allows you to access any specific page when records are contained on more than one page.

Type desired page number over the current page number and press Enter. The requested page will appear.

RETURNING TO MAIN MENU

From Option Screens

Press Clear, or type **MNU** in second blank of OPT field and press Enter.

From Help Screens

Press Clear.

Appendix B

Model 204 Name Inquiries

FULL NAME

When the person's full name is known, type the name in the following format:

LAST NAME, FIRST NAME MIDDLE NAME

Ex. **SAMPLE, JOHN DAVID**

PARTIAL NAME

When the full name is unknown, type a partial name. Also use this method when you are unsure of the spelling of the name. A minimum of one to three characters may be required for a search. A comma is not required.

Ex. **SAM**

The response will list all last names beginning with the letters SAM, such as:

Sample, John
Samson, Edith
Samuel, George
Saminski, Betty

Partial first names can also be entered.

Ex. **SAMPLE, J**

The response will list all names containing the letters you typed in the order you typed them.

This search will find such names as:

Sample, Jan
Sample, John
Sample, June

WILDCARDS

Two “wildcard” characters can help you perform a search:

An asterisk (*) is a wildcard that can stand for any number of characters.

A plus sign (+) is a wildcard that corresponds to only one character at a time.

If you do not know some of the letters in a name, use the wildcard characters to take their place.

Ex. **SAM*J**

This search will find such names as:

Sampling, Joe
Sams, Jimmy
Sampleton, Julie
Samjak, Rick
Sample, Jeff

Or

EX. **SA+PLE**

This search will find such names as:

Sample, Beverly
Sanple, Douglas
Sapple, Lydia
Sample, Chris

An asterisk is assumed to be at the end of any name entered.
